

SASKATCHEWAN SERVICE UPDATE

July 2025

STAT ULTRASOUNDS

We understand the critical role that timely imaging plays in patient care and remain dedicated to fulfilling STAT requests whenever feasible. Recently, however, there has been a noticeable rise in the number of exams labeled as STAT.

To help us manage resources effectively and ensure the best care for all patients, we kindly ask that STAT designation be reserved for cases that are truly urgent and require immediate imaging. Using STAT requests appropriately enables us to prioritize those with the most critical needs and maintain timely service for everyone. Thank you for your cooperation and commitment to patient care.
